Eager full stack developer committed to ongoing learning and mastering cutting-edge technologies. Proactively tackles challenges, constantly seeking growth opportunities to expand skills and knowledge base.

WORK EXPERIENCE

Full Stack Developer | White Stork | Beirut, Lebanon

6/2023 – 2/2024

- Contributed as a full-stack developer in a collaborative team, utilizing VueJs, NestJs, and NocoDB.
- Achieved a 60% increase in the speed of software development process by understanding and customizing NocoDB's open-source code to align with business requirements.
- Collaborated with a team on an existing project to add new features and functionalities following domain-driven design principles based on customer requirements.
- Enhanced old code characterized by advanced and complex SQL queries into NestJs, adhering to clean code principles.
- Optimized database schema within a three-week timeframe, resulting in a notable reduction in reported client bugs, reducing query execution time by 40%, and enhancing application performance.
- Skilled in Docker for streamlining the deployment process and facilitating seamless collaboration among development teams.

FSW Bootcamp - Internship | SE Factory | Beirut, Lebanon

8/2022 – 12/2022

- Intensive full stack web development program covering cloud architecture, front and back-end development, source control, and web application security over 14 weeks of lectures, workshops and projects.
- Developed a home automation web application utilizing IoT technology to remotely control internet-connected electronic devices at home, with ReactJs for the frontend and Laravel for the backend.

Foundations of Computer Science Program | SE Factory | Beirut, Lebanon

7/2022 – 8/2022

- Intensive foundation of computer science program covering foundational concepts of Computer Science using Python, complexity analysis, data structures, algorithms over 4 weeks of lectures.
-

LANGUAGES

English (Fluent), Arabic (Native)

EDUCATION

Bachelor of Computer Science | Lebanese International University | Rayak, Lebanon

2019 – 2022

- Implemented a responsive social networking Web Application aimed at enhancing interpersonal communication, featuring real-time messenger functionality, with HTML, CSS, and Bootstrap for the frontend and Laravel for the backend.
 - GPA: 3.47
-
